INTRODUCTION

Lahore Tour | 10 Days

A 10-day colourful journey through Pakistan from Lahore, the cultural and historical capital, through the stunning mountains of Gilgit Baltistan in Pakistan. These mountains are home to a kaleidoscope of people and some of the most incredible scenery in the world. We start the tour in Islamabad and fly to the northern region of Pakistan, nestled in several mighty mountain ranges (Karakoram, Himalayas, Hindu Kush), where we spend several days in pollution-free air while exploring the majestic landscapes during the journey.

IMPORTANT

Some important points to bear in mind

- This is a hiking and trekking tour with some long drives. We **do not recommend** it for those looking for a **gentle sightseeing tour**. We have other **options** for those who prefer a **gentle tour** with hiking and adventure.
- The tour has **short rides** on some days while there are days when you have to cover a **long distance**, the road surface is **smooth in some places while it is bumpy** in some sections.
- We cannot and **do not want to offer a uniform standard** of accommodation on our itineraries. When choosing accommodation we look at comfort, location, design, character, historical interest and whether the money we spend goes into the pockets of the local community. We **offer standard accommodation** that is neat, clean and simple.
- There is an **energy crisis all over the country**, especially in the mountains. Sometimes the lights go out at night and it takes a while for the emergency power supply to switch back on. We **advise you have a torch and a power bank** with you just in case.
- Due to power cuts, which is not always the case, the hot **shower may not be available during the night** while you are in the mountains, but you will have a hot shower the next morning because **it takes time to prepare** with alternative energy sources.

IMPORTANT

Some important points to bear in mind

- Sometimes participants ask for amenities such as hair dryers in the hotels, while most hotels in the north **do not have hair dryers** in the washroom, possibly due to **an electricity crisis**. Please **make your own arrangements** if you need one.
- If the trip takes place in spring or autumn, you will **need warm clothes** such as a jumper, jacket and good walking shoes, especially if you have to hike.
- On this trip you will **be accompanied** by a local, English-speaking guide from Ultimate Adventure Tours. Sometimes we **also hire local guides** in different sections. **If we are a large group**, we can split into smaller groups for the tours to allow more flexibility.
